Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on County Home Road south of Coal Valley will begin on Tuesday, May 31, 2016. Dunn Company is starting the \$461,798 contract to improve the 1.7 mile section of County Home Road (104th Street) from US 150 in Coal Valley to 113th Avenue.

The Contractor will be milling off four inches of the existing bituminous overlays, mixing with new asphalt, and re-compacting the material. The recycled roadway will then be re-sealed.

The project is scheduled to be completed by the end of June. Drivers should be alert for flaggers who will be directing traffic past the work operations.

Please slow down and use extreme caution while driving through all work zones.
